Public Appeal

We are assured by now that most residents are excited about the opening of the International Border Gate which was aired on National Television and through Media houses, and hitherto Thromde has been welcoming such pleasing news by face-lifting every worn-out infrastructures. At the outset, we have engaged Desuups for development and expedition of such works. Having remained cut off from our neighbouring counterpart, our foremost priority is to make Phuentsholing town lively by planting varieties of flowers in the town and on the outskirts.

But to our surprise, it is disgraceful to notice that even the topsoil (filled in the planter box along the Integrated Vegetable Market footpath) and plants were stolen. So, as we work day in, day out we will be planting various plants, and it is our earnest request to the general public to kindly refrain from such acts. Since we are limited in manpower when it comes to monitoring, we request the shop owners/residents nearby to kindly intimate us if you come across such incidents.

  
(Lungten Jamtsho)  
Executive Secretary
